For Friday night a block party has been arranged for the benefit of the fund on Quincy street, Brooklyn, between Marcy and Nostrand avenues. R. M. The present week will wind up for the period of the Liberty Loan drive block parties for which permits were no taken out heforeland. As the fund has frequently had cause to remark it has discouraged the holding of these worthy affairs during this period. One of the latest to be elated for the benefit of the fund to take place immediately after the drive is successfully concluded is a block party in Chinatown. Gray's friends were satis-fied then that it was all over for their candidate. Mr. Record announced about the same time in Jersey City that he was "just getting ready to go to bed." The Democratic boxes in these twelve Newark districts gave La Monte 97, Mc-Dermit 79, Hennessy 40 and Simp-son 21. This seemingly indicated that the Essex county organization in Newark would put it over for La Monte, far as that city was concerned.

### Vote in Nine Districts.

The first nine out of 159 districts in Jersey City, the home of Alexander Simpson, indicated that the Hudson county Assemblyman was leading in his county by about 2 to 1. The vote in the nine districts showed: Simpson. 467; Hennessy, 223; La Monte, 39, and McDermit, 24. The regular Democratic organization in Hudson, led by Mayor Frank Hague of Jersey City, was bank-ing on a big majority for Simpson in ng on a big anajority for Simpson in he county.

Newark gave Edge, 729; Gray, 368; Record 181. The Democratic boxes in these dis

tricts showed: La Monte, 344; McDermit, 305; Hennessy, 105; Simpson, 66. The vote for McDermit, who has been unning for all kinds of offices for many moons, surprised even his friends. He made his campaign on a platform calling for the sale of beer and light wines. It was reported at a late hour that up in Sussex county McDermit was running away ahead of his Democratic rivals.

A comparatively small vote was cast by both parties. This was due in part to the fact that although most of the politicians had worked themselves up to almost frenzy pitch over factional fights and what they were pleased to call "healthy party contests," the general run of voters refused to get excited. Many of them explained they were tired of open primary scraps, anyhow, and others confessed it was difficult to get worked up over the ambitions of politi-cians in the face of the overshadowing few days. events now taking place on the other side of the world, now burdening the thoughts of all men.

Another factor contributing to the decreased primary vote, as compared with the ra the votes of former years, was the ab-mittee. sence from New Jersey of some 65,000 men of voting age in the camps scat-tered about the country and on the bat-tlefields of Europe. Mr. Turnulty confided to a friend that he wished there were seven elections a year so he could have seven perfectly good excuses to get away from Wash-ington for short periods. He made flying visits to members of his family before returning to Washington.

"Politics is not adjourned in the sense that party principles should be abandoned.

This was adopted yesterday as the campaign slogan of the Union League Club at a meeting of the club's Gubernatorial campaign committee. It was proposed by Robert C.
